FOR IMMEDIATE RELEASE

SYPRIS AWARDED MULTI-YEAR NAVAL CONTRACT

RECORDERS USED IN ANTI-SUBMARINE WARFARE ANALYSIS SYSTEMS

TAMPA, FL. (September 14, 2009) – Sypris Electronics, LLC, a subsidiary of Sypris Solutions, Inc., announced today that it has been awarded a contract from the Navy's Space and Naval Warfare Systems Center Atlantic for its Model 101e data recording systems. The three-year contract has a ceiling of approximately \$10.5 million if all options are exercised. The award is in support of the Navy's Tactical Mobile Acoustic Support Systems (TacMASS) Anti-Submarine Warfare Analysis System.

"Sypris is committed to the long-term support of key armed services programs and has supplied technological solutions for the Navy's Anti-Submarine Warfare Systems for over 30 years," stated John Walsh, President of Sypris Electronics. "This award further demonstrates our commitment to the Defense community. Sypris Electronics designs, develops and delivers mission critical systems and services that support and protect the Warfighter."

Sypris Electronics is a world-class, integrated systems solutions provider. Our ruggedized electronic products, advanced engineering services and complete electronic manufacturing capabilities are aligned to provide our customers the best people, practices and technologies to continually exceed expectations. We consistently promote an agile, innovative culture by strategically partnering with leading-edge technology companies, agencies and universities. With over 40 years of experience, Sypris Electronics is proud to develop, manufacture and integrate leading technologies into mission critical electronics systems that secure America's interest.
